PROPOSAL AND CONTRACT ( WHEN EXECUTED )

THIS PROPOSAL INCLUDES INSTRUCTIONS TO BIDDERS

A. DEPOSIT OF PROPOSALS.

All envelopes containing Bid proposals shall be clearly marked "Bid Proposal for letting of April 2, 2025 .". DATE

Oakland Township 2nd Class MUNICIPALITY (NAME & TYPE)

Diana Foehringer SECRETARY

Sealed Proposals will be received on or before 1:00 PM on the above Letting Date. TIME

565 Chicora Road / Butler, PA 16001

ADDRESS

Bids will be opened and read at approximately 7:00 PM , on the above Letting Date. TIME

PROPOSALS MUST BE MAILED OR OTHERWISE DELIVERED TO THE ABOVE ADDRESS.

- 1 The contractor proposes to furnish and deliver all materials ( including Form CS-4171, CERTIFICATE OF COMPLIANCE ) and to do and perform all work on the following project as more specifically set forth in the Schedule of Prices (Attachment), in accordance with drawings and specifications on file at Oakland Township as well as the supplements and special requirements contained herein and/ or attached hereto and current PennDOT Specifications (Publication 408), except (a) bidders need not be prequalified by PennDOT (Sec.102.01), and (b) Volumetric testing of asphalt paving materials is not required (Sec. 413).
2 If designated as the successful bidder, the contractor will begin work on the date specified in the notice to proceed, or as otherwise provided in the special requirements, and will complete all work within see Attachment 1-A calendar days.
3 Accompanying this proposal is a certified check or bid bond in the amount of 10% made payable to the municipality as a proposal guarantee which, it is understood, will be forfeited in case the contractor fails to comply with the requirements of the proposal.

B. PROPOSAL OF:

Three horizontal lines for contractor information.

NAME / ADDRESS OF CONTRACTOR

CONTRACTORS CERTIFICATION

It is hereby certified as follows:

- 1 The only person interested in the proposal as principal (s) is (are):
2 None of the above persons are employees of the municipality.
3 This proposal is made without collusion with any other person, firm or corporation.
4 All plans and specifications referred to above and the site of the work have been examined by the contractor. The contractor understands that the quantities indicated herein are approximate and are subject to change as may be required; and that all work is payable on the basis of the unit price listed on the Schedule of Prices. (Attachment 1).

- 5 The contractor will comply with all requirements of the laws and implementing regulations of the Commonwealth of Pennsylvania and the United States relating to human relations, equal opportunity and non-discrimination in employment, and will pay to workmen employed in the performance of the contract the wages to which they may be entitled.
  
- 6 The contractor will provide the municipality with a performance bond, conditioned upon the faithful performance of the contract in accordance with the plans, specifications and conditions thereof, and a payment bond, conditioned on the prompt payment of all material furnished and labor supplied or performed in the prosecution of the work, in accordance with the Public Works Contractors' Bond Law of 1967; and an affidavit accepting the provisions of the Workmen's Compensation Act of 1915, as amended.

Reconstruction Project  
Oakland Township, Butler County

Additional Special Provisions

- All inlet adjustments/risers shall be incidental to paving item as directed by the municipality.
- Asphalt samples shall be selected and drawn in accordance with PA Test Method No.1 found in Appendix C of Pub 25.
- Contractor must schedule a meeting to review the project in person with the township.
- Asphalt shall extend to all mailboxes and shall be incidental to paving item as directed by the municipality.
- Asphalt shall extend 2' into all driveways and shall be incidental to paving item as directed by the municipality.
- Dry-grinding process shall consist of:
  - The contractor placing approximately 2 inches of 2A aggregate prior to roto-milling process, where needed.
  - Roto-milling process shall be 18 feet in width for the entire length of the project, shall be approximately 4 inches in depth and shall not penetrate or disturb the road base material
  - If water is required to achieve optimal compaction, the contractor shall supply and apply the water as needed. Water application shall be incidental to the Dry Grinding item
  - Contractor shall initially roll the roto-milled surface with a sheep-foot roller
  - Contractor shall grade the roto-milled surface to a cross-section slope of approximately 1/4 inch per foot
  - Contractor shall compact the graded roadway with a minimum 20-ton vibratory steel wheeled roller
- Upon completion of roto-milling process the contractor shall:
  - Petroleum Emulsion of Ultrabond 2000 or equivalent shall be used as the liquid asphalt prime coat application and shall be placed at an average rate of approximately .5 gallons/SY, followed by two additional applications placed at an average rate of approximately .25 gallons/SY.
  - All equipment used (ie. Chip spreader, rollers, distributors, etc) for the prime coat process shall have current PennDOT approved calibrations, which shall be presented to the township prior to beginning the prime coat operation
  - The contractor shall be responsible for sweeping any loose aggregate from the roadway surface after the prime coat has cured, prior to paving

Project Description \_\_\_\_\_

Project Location \_\_\_\_\_

As a contractor/subcontractor for the above referenced public works contract, I hereby affirm that as of the above date, our company is in compliance with the Public Works Employment Verification Act ('the Act') through utilization of the federal E-Verify Program (EVP) operated by the United States Department of Homeland Security. To the best of my/our knowledge, all employees hired post January 1, 2013 are authorized to work in the United States.

It is also agreed to that all public works contractors/subcontractors will utilize the federal EVP to verify the employment eligibility of each new hire within five (5) business days of the employee start date throughout the duration of the public works contract. Documentation confirming the use of the federal EVP upon each new hire shall be maintained in the event of an investigation or audit.

I, \_\_\_\_\_, authorized representative of the company above, attest that the information contained in this verification form is true and correct and understand that the submission of false or misleading information in connection with the above verification shall be subject to sanctions provided by law.

## PROPOSAL AND CONTRACT INSTRUCTIONS- FORM 944

- 1 The proposal must be typewritten or printed.
- 2 If more than one proposal on any project is submitted by an individual, firm or partnership, corporation or association under the same or different names, only one proposal, the lowest, will be considered.
- 3 Description of work -
  - A. If additional space is needed, insert appropriately numbered attachment and note "Continued on attached work sheets"
- 4 Part A of Page 1 to be completed by municipality. Part B of Page 1 to be completed by contractor. Schedule of Prices - Column #1 (Item), #2 (Approximate Quantities), #3 (Unit, i.e., ton, square yard, linear foot, etc.) and #4 (Description, i.e., bituminous materials - 9.5 mm S & L, 12.5 mm Wearing, 25.0 mm Base Course, etc.) must be filled in by the municipality to insure equitable bidding. Columns #5 (Unit Price), #6 (Total) and total amount of bid, must be filled in by the contractor. If more space is needed, add note at bottom of the page, "Continued on Attachment No. 1-A"; and add additional sheet designated as Attachment No. 1-A, 1-B, etc. Repeat for each additional sheet required. As required by Publication 408 (current edition), Section 102.06(e), each bidder must submit a completed Form D-7126, Anti-Collusion Affidavit (included in this Form MS-944), with its bid proposal.
- 5 If liquidated damages are to be assessed, add the following sentence to Part A #2: "If all work is not completed on time, liquidated damages will be assessed at the rate of \$885.00 per additional working day." (OR ". . . as set forth in the attached schedule").
- 6 Only the successful bidder is obligated to provide payment and performance bonds. These bonds shall conform to the requirements of the relevant municipal code or charter and the Public Works Contractors' Bond Law of 1967, Act of December 20, 1967, P.L. 869, No.385, 8 P.S. §§ 191—202. Bond forms are included in this Form MS-944 as Attachments 2 (performance bond) and 3 (payment bond). The successful bidder must submit the bonds and Workman's Compensation Act Affidavit, Attachment 4, within 20 days of the contract award. Failure to submit the bonds shall constitute grounds to cancel the contract.
- 7 If the estimated cost of a contract for "public works," as this term is defined in the Pennsylvania Prevailing Wage Act, Act of August 15, 1961, P.L. 987, No. 442, as amended, 43 P.S. §§ 165-1—165-17, exceeds \$100,000.00 and the contract is paid for in whole or part out of the funds of the municipality, the municipality shall take the following actions: (1) Determine the prevailing minimum wage rates from the Department of Labor and Industry, Bureau of Labor Law Compliance. (2) Indicate in the advertisement issued for the purpose of securing bids for the contract that prevailing wage rates shall be paid on the project. (3) Specify the prevailing minimum wage rates in the bid proposals for the contract.

On projects financed partly with federal funds, if the project cost exceeds \$2,000.00 and 25% or more of the funding comes from federal funds, the Davis-Bacon Act, 40 U.S.C. §§ 3141—3145, applies. Here again, it is the responsibility of the municipality to obtain the Davis-Bacon wage rates from the United States Department of Labor, Wage and Hour Division, which has offices in Philadelphia, Pittsburgh and Wilkes-Barre; include them in the proposal; and note the fact in the advertisement. If both acts are applicable, the Davis-Bacon Act preempts the Pennsylvania Prevailing Wage Act and applies to the entire project, not just the federally-funded components.
- 8 An ESCALATOR CLAUSE is optional; if used, it must be included in the proposal prepared by the municipality. An escalator clause may not be inserted by the contractor.
